

KWIC SCREEN[®]

MAKING SPACES

Image Catalogue 2018

Make Your Space Personal.

CHOOSING YOUR DESIGN

The KwickScreen image catalogue contains a variety of designs to help you create your space. Whatever your environment, our team will guide you through the process of choosing complimentary images, helping you to make your space personal.

CHOOSING YOUR PANEL

Your design can be printed onto either a semi-transparent, frosted or opaque panel. Semi-transparent and frosted screens are a good option for when visual monitoring is necessary, and opaque perfect for privacy.

KWICKSCREEN COLLECTIONS

KwickScreen collections is our new bespoke selection of images designed specifically for spaces that require multiple screens.

Each collection is made up of a series of complementary images to give you the best aesthetic for you whatever space you are creating.

If you like a particular image from our themes section, our team can create a collection from it, giving you complete freedom to expand whatever design you like.
